

NDT controls & Services

Dear Customer
C.A. : Quality Manager
Purchaser Manager

Office :
Via Luinis 10/9
33043 Cividale del Friuli (Ud) ITALY

The G. & T. is a new and dynamics study and our own purpose is to supply a wide range of services related to the Quality Control, Expediting and of laboratory areas, to our customers .

Our society uses professional competences, to manage and to carry out Non Destructive controls in conformity to the most restricted qualitative standards, according to the existing Europeans and International normative

Our professional experience grown in international and export oriented Italian manufactured companies, allows us to offer you an import and well structured Expediting service.

Waiting for your comments and proposal we thank you in advance for your co-operation.
Best regards.
